WHY WORK TOGETHER?

*Original Mediterranean art
for exceptional
hospitality spaces*

A carefully curated collection of artworks can transform a beautiful property into a memorable experience for your guests.

Original artworks give each establishment its own identity and create a memorable experience that travelers photograph and share.

The acrylic technique enhances the vibration of colors, with soft touches suggesting movement, almost like dances or murmurs. The background introduces a theatrical and spatial dimension, reinforcing the surreal character of the scene. Ioa Nida weaves elegance and dynamism, making this work a captivating celebration of the masked ritual and the enigmatic splendor of Venice. (Pitturiamo, 2025)
